

CALFO LITE

Enhances Egg shell Quality & helps to Develop Skeleton.

Organic Calcium and Phosphorous fortified with vit.D3 & B12, Magnesium and Maganese

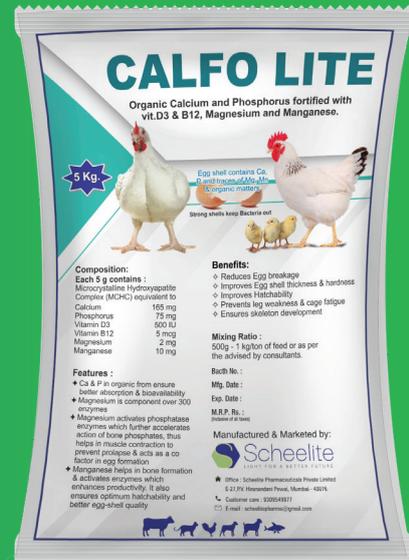

Composition:

Each 5g contains:

Microcrystalline Hydroxyapatite Complex (MCHC) equicalent to

Calcium	: 165 mg
Phosphorus	: 75 mg
Vitamin D3	: 500 IU
Vitamin B12	: 5 mcg
Magnesium	: 2 mg
Maganese	: 10 mg
Excipients	: qs

Pack size 5kg

Benefits:

- Reduces Egg breakage
- Improves Egg shell thickness & hardness
- Improves Hatchability
- Prevents leg weakness & cage fatigue
- Ensures skeleton development.

FEATURES

01 Ca & P in organic form ensure better absorption & bioavailability

02 Magnesium is component over 300 enzymes

03 Magnesium activates phosphatase enzymes which further accelerates action of bone phosphates, thus helps in muscle contraction to prevent prolapse & acts as a co factor in egg formation

04 Manganese helps in bone formation & activates enzymes which enhances productivity. It also ensures optimum hatchability and better egg-shell quality

Mixing Ratio:

500 g – 1 kg/ton of feed or as per the advised by consultants
